

WILL YOU GET *TIRED* OF COUNTING MONEY?

MOST OF US WILL NOT!

The opportunity being presented to you here is unique – there is nothing like it. It's phenomenal and it's fabulous. Some are even calling it miraculous. Why? Because (1) the response rate to it has been consistently in the 50% range, and (2) there are only three levels, meaning it cycles very quickly.

Some people are even calling Tired Of Counting Money™ a “40-day retirement plan.”

Let's look at the numbers. If we suppose you send out 100 copies of this invitation letter and that you get a 50% response rate, you will have 50 participants coming into the program. If they do the same, you will see 50 participants X 100 copies mailed X 50% response rate = 2,500 participants coming in. If those 2,500 new participants follow the lead of the others, 2,500 participants X 100 copies mailed X our 50% response rate = 125,000 new participants. **\$20 to you X 125,000 participants = \$2.5 million.**

Can you retire on \$2.5 million? Maybe you can, and maybe you can't. (Most of us would love to try – especially if we see this working and know we can repeat the process as often as we wish!)

What would be the result if you decided to mail out 500 copies? Using the same response rate of 50% through three levels, you arrive at well over \$300 million.

Here's the point: There is absolutely NOTHING you can do today in this country or any other that will give you anything close to the result that Tired Of Counting Money™ will produce for you. Even if you decide to be conservative and use a much lower response rate than 50%, you will still see phenomenal results, because people all over America are struggling to make ends meet and looking for some way to climb out of the struggle. This is just as true in other developed countries as it is here.
